

---

## ANNUALS:

- Survive only 1 season
- workhorses of plants
- stick to larger quantities of a few types of plants, rather than the over busy look of a few of everything.
- Not all plants need to have flowers to be great additions to the garden. Foliage plants such as coleus, Persian shield, 'Magilla' perilla, Joseph's coat and copper leaf add color and texture whether used as filler or focal point.

front bed: hanging over edge: "Lemon slice" mini petunia (callibrachoa)  
blue ageratum-heat loving, flooring, mound habit, no deadheading needed
